4th October 2011

Dear Parents/Carers,

We are writing to clarify the recent changes to the maths card homework scheme. The adaptations are as follows:

- A traffic light system will be used to code children's achievement. If a child is completely confident with a challenge they will receive a green sticker. Yellow will be awarded if they are working towards achieving the target. If they are unable to complete the challenge, the maths will be dated but no sticker awarded. Once the child has achieved 3 consecutive green stickers, they will be moved to the next appropriate card.
- Please practise the challenges with your child at home, but there is no need to write on the cards themselves. Testing and assessment will take place at school on a weekly basis and the sticker will be given out at this time.

Thank you very much for your help and support.

Emily Jones and Lisa Caro
